Dear John,

Thank you for the efforts of you and your company in assisting us with our security issues at our property in Whistler. The initial report as well as the most recent update have been extremely helpful in our efforts to secure the support of the local municipality.

Your security staff have been great to work with and have handled themselves with professionalism when discussing the issues with the tenants.

Thank you again for a job well done.

Regards,
365175 BC LTD.
